GG GREEN GARDEN HOSE

TECHNICAL CHARACTERISTICS

SPECIFICATION: *N/A*

APPLICATION: *This 3-ply hose is widely used for irrigation and washing in parks and other leisure facilities; factories and at home. The light, colourful, flexible hose has excellent resistance to hard weather conditions, making it the ideal product for garden irrigation.*

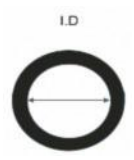

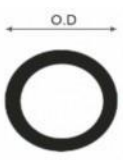

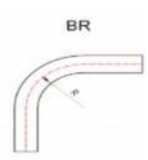

TUBE: *An inner layer of germproof PVC prevents the production of fungus or moss even when not used for long periods.*

REINFORCEMENT: *The middle layer is made with a 24-braid fibre mesh for extra strength to handle high water pressure and flexibility.*

COVER: *The outer layer is ultraviolet radiation resistant PVC helping prolong the life of the hose when exposed to sunlight.*

TEMPERATURE RANGE: *-5 degrees C to +65 degrees C*

SAFETY FACTOR: *3:1*
